

# **Machines, Tools and Inventions**

## **What Can You Use?**

You have: a screwdriver, a ball of twine, chewing gum, a rock, a piece of paper, a coat hanger, and a hammer.

Which tool can you use to:

1. To open a glass bottle?
2. Get a ring out of boiling hot water?
3. Keep the balcony door closed when you are outside, even though the handle is on the inside?
4. Stop a pipe from leaking?
5. Fix a nail that is sticking out of the wall and scratching people?
6. Open a jar that is stuck?
7. Get a coin out of the sewer grate?
8. Fix a crack in the bottom of your coffee cup?
